

Equity Signature Series

You're invited to engage in a special slate of conversations and deep learning centered in equity. We're featuring thought leaders in Michigan and across the country in a series of virtual programs that deeply explore and examine the ways that we can, and must, move the needle to advance systemic change. This CMF signature series will be a time to ask ourselves the hard questions, challenge our thinking, inspire action and lift up the work of foundations, nonprofits and other peers and partners as we learn from and with each other on our journeys to advance equity.

Peer Connection Opportunities

Join your peers from around the state for collaborative conversations and dedicated networking time through a series of Constituent Connection Roundtables and Staff Virtual Gatherings. Role alike conversations will be held once each quarter.
