Community Foundation for Northeast Michigan	Alpena Public Schools	\$1,740	To help fund college visits for at-risk students who wouldn't normally get the opportunity.
Community Foundation for Muskegon County	Muskegon County Schools	\$10,000	Educators from across Muskegon County applied for up to \$250 in grant dollars for unique classroom projects, hard good materials, and special programs. Projects covered a wide range of subject areas, including math, science, reading, the arts, special education, physical and health education, history, reading and literacy, criminal justice, technology, and career and college preparedness. We received 85 grant applications, granted funds to 55 applicants and impacted approximately 6,500-7,500 students across Muskegon County. This grant made an impact because the dollars granted improve classrooms in small but very important lasting ways, making it easier for teachers to teach and students to learn.
Grand Traverse Regional Community Foundation	Third Level Crisis Center	\$11,500	This grant was to support Pete's Place Youth Shelter.
North Central Michigan Community Foundation	Crawford County Community Christian HELP Center	\$392	To purchase food and milk vouchers to help students purchase food during the summer.

Straits Area Community Foundation	Cheboygan Backpack Program	\$800	To purchase food for students in need.
Fremont Area Community Foundation	Fremont Public Schools	\$3,650	The YAC has offered College Access Mini-Grants the last three years. Each year all of the high schools in Newaygo County have applied for a YAC College Access Mini-Grant and YAC has recommended that all receive grants. Funds have been awarded for a variety of projects including financial aid outreach, ACT preparation, and tours of college campuses. These grants align with FAFSA's adoption of Goal 2025: to increase the proportion of Newaygo County residents with high-quality college degrees, certificates, or other credentials to 60 percent by 2025. Both college advisors and high school counselors have stated that these grants have helped expose their students to post-secondary opportunities. The Fremont grant is one example from this year. Below is the project summary which YACers wrote: This project is based on a process rather than any one event. Fremont Public Schools is going to work at each grade level to make sure that when students are seniors they are very comfortable with the college process. Components include: FAFSA Nights, Decision Day, college visits, Underclassmen Portfolios, and a new initiative known as College Ambassadors which is a group of students who will be trained on the college process and then make presentations and serve as peer mentors.
Jackson Community Foundation	Junior Achievement	\$1,500	A "CEO Academy" was held for high school students to learn the mechanics of starting their own business, with presentations by local successful business leaders, as well as successful youth entrepreneurs.

Charlevoix County Community Foundation	B.A.S.E.S. Teen Center	\$3,500	Supported the Recovery High substance abuse program so they can provide their current level of services without having to charge local teens and their families. The Recovery High program is a cooperative effort between B.A.S.E.S., Charlevoix Probate Court and Charlevoix Alternative Schools. Recovery High provides a host of services for the substance abusing adolescent depending on their level of need. For the teens that do not need residential services involving foster care placement in one of the homes licensed by the Charlevoix Probate Court, they may participate in all of the substance abuse group services provided by BASES at no charge. The goal of Recovery High is to increase the teen's ability to avoid substance abuse problems in the future while educating the family on how to promote these opportunities and support their child in meeting their individual needs.
